

Threshold standard for competencies

About the threshold standard

Because the [competence statement](https://gltt.sra.org.uk/solicitors/resources/continuing-competence/competence-statement/) is generic and applies to all solicitors, a threshold standard was developed to set out the level at which the competences in the competence statement should be performed upon qualification as a solicitor.

Level three is the threshold standard required at the point of qualification; the other levels are provided for the purpose of context.

Threshold standard
